Job Summary – Wire Harness Technician, Kerr Industries

Posting Date: July 19, 2018
Closing Date: Open
Location: Oshawa, Ontario
Compensation: \$16.20 /hour
Hours: Full-time

Organization

Founded in 1952, Kerr Industries is a leading vehicle upfitter with a strong North American presence with operations located in Dallas, Chicago, Detroit and Oshawa. We are pioneers and innovators in the automotive upfitting industry. Our specialty is modifying brand new vehicles into police and emergency vehicles. In fact, we upfit more police vehicles than any other company in North America and we continue to focus on growing our business. For more information, please visit www.kerrindustries.com

Position

Assemble wiring harnesses and cables with accuracy, quality and follow production documentation, along with testing the products during and after the assembly process.

Requirements

One (1) year work experience with knowledge of wire preparation that includes wire cutting (specified lengths), wire stripping and wire terminating (installing terminals on ends of wire), along with soldering.

Qualifications and Skills

- Capability to understand and interpret electrical drawings;
- Experience in soldering, wire stripping and terminating;
- Knowledge of Microsoft Outlook, Excel and word;
- Have experience working with automotive electrical systems;
- Be a constructive team player;
- Possess and exhibit a positive attitude;
- Be focused on quality workmanship;
- Be detail oriented;
- Be comfortable in an exciting fast-paced environment

Training will be provided.
